

BCE ACADEMY

Basic Christian Education's curriculum is a unique mastery-based approach to learning. All subjects are taught through Biblical precepts with a Biblical worldview. Students will identify with the captivating character building illustrations that present real life situations with Biblical solutions.

BCE Academy begins with academic diagnostic placement testing which enables your student to be placed where they can succeed and progress with confidence. The BCE staff and the parent-educator will analyze the diagnostic testing and together set the individualized course of study for each student.

Students work at their own speed though 12 workbooks, or PACES, in each subject in an academic year, mastering the material each step of the way. The nature of the curriculum allows student independence and personal responsibility in learning while providing the parent full control with minimal daily preparation.

BCE Academy Includes

- Curriculum
- Score keys
- Record keeping
- Transcripts
- Report cards
- Accredited Diplomas
- Personal academic assistance

NEW/INCOMING STUDENT REGISTRATION FEES:

1st Student \$75.00 • 2nd Student \$65.00 • 3rd Student \$55.00
